Folding Portable 3-Row Bleachers Fast-Fold Team Stands

***Team Stands fold flat
for transport, narrow
passage openings,
and storage***

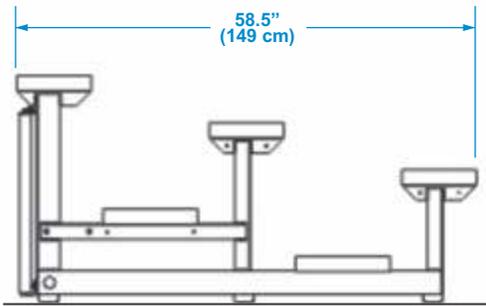

Are you faced with providing temporary seating for your team's meets and competitions?

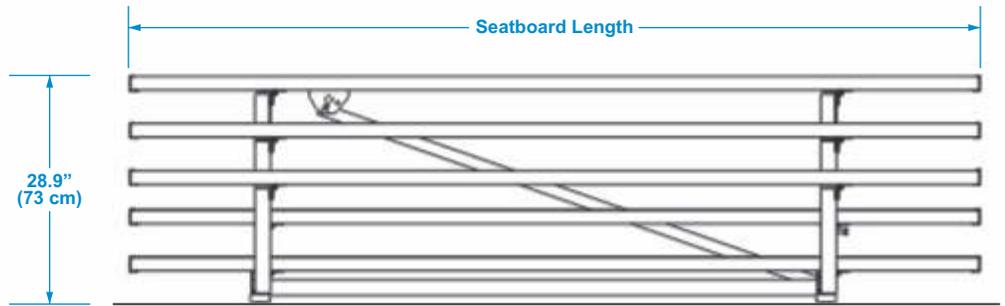

Now team seating is available for both home and away events with Century's TS3 series of fast-fold team stands. The fast-fold feature significantly reduces the overall stand dimension, permitting easy transportation or compact storage when not in use. When folded, team stands easily pass through doorways and narrow openings.

Aluminum construction both reduces weight and provides corrosion resistance for both indoor and outdoor events. Optional rear guardrail, doubles as a banner hanging bar, promoting your organization.

Multi-purpose stand is ideal for both team seating and award presentations. These three row bleachers are available in a choice of sizes and seating capacities.

- Aluminum seat planks are full length without gaps
- Aluminum footboards are full length without gaps
- Frame mounted bumper pad feet floor protectors
- Complies with the latest IBC bleacher codes

OPTIONS

Team Stand Transport Trailer

For applications that require utilizing multiple Team Stand seating units at various locations throughout the community, the TTT permits moving your stands on public roads, pulled by your utility vehicle.

Trailer is weather-resistant welded aluminum construction. Contact Century for details.

EZ Stack

New Stackit-Bracket feature facilitates more secure horizontal or vertical nesting of multiple Team Stand units.

Contact Century for more details.
